WELCOME

Welcome Retailers and Exhibitors,

Yes it is challenging out there. Competition, e-commerce, weather, US election uncertainties. But there is stability! Where? At the:

Check us out. Our show has expanded to 261 booths, 5000 more square ft of exhibit space!

We are pleased to continually provide healthy food options for breakfast and lunch all 3 days of the show as we know that time is valuable and leaving the show to eat is not an option.

Socially everyone is welcome to the **ROX Social Night on Saturday, January 14 at 6:00 pm**. Our BCSRA has a great and long history and we will be recognizing Peter Lefroy at this event and we encourage everyone to come out and congratulate Peter. We will be serving hot and cold appetizers. We will have the Stolen Moments Jazz Trio playing for your listening pleasure as well as access to the interactive sports simulators!

Due to popular demand, we have arranged a Rep/Retailer basketball game on **Sunday, January 15 at 7:00 pm**. Come out and enjoy the fun! All are welcome.

The **Annual General Meeting**, for the reps, will take place on **Sunday, January 15 at 6:00 pm**. Your input is very valuable and we encourage your attendance.

On behalf of the BCSRA board and with the help of management group Venue West, I welcome you to the best BCSRA Winter 2017 show! Retailers please take the time to see the new Exhibitors. And Exhibitors please welcome the first timers.

Have a great show!

THERMONET
feat. **PRIMALOFT**

Keeps the Heat in a Comfortable Shape

The innovation never ends at BUFF®, and this year, we're unveiling a new technical fabric. ThermoNet brings together the knitting tradition at BUFF® with technical yarns from our partners at Primaloft. The result of years of research and testing, this extremely thin, lightweight fabric retains body heat while wicking moisture away.

4x WARMER

Based on Primaloft® yarn, lightweight ThermoNet® fabric provides four times as much insulation as our standard microfiber products.

You'll never feel clammy thanks to ThermoNet's wicking properties that move moisture away from your skin while trapping heat inside.

Made with exceptionally soft, elastic fibers, seamless ThermoNet® products are among the most comfortable cold-weather gear available.

With 70 percent recycled content, ThermoNet® protects the environment while protecting you from the cold.
